

MS840P

Simplest but Goodest

Unitech released its New MS840P wireless handheld barcode reader which is being recognized as the industry's best value. The wireless design allows the user freedom to move around without being restricted by wires. While ruggedness of the plastic housing provides peace of mind, many users enjoy the comfortable ergonomics of the Unitech MS840P wireless scanner.

The MS840P also stores data in a buffer mode while it is out of range of the wireless signal, uploading the data when it gets back in range. Its durable functions and convenient wireless design makes the MS840P the ideal scanner for a variety of applications in warehousing, retail and healthcare field. In addition to all of those benefits, it delivers plug-and-play usability for extreme convenience for first time users.

Simple to operate, The Unitech MS840P allows users to perform such tasks as take accurate inventory, speed up checkout, and administer the correct medication. Beyond its versatility, it also has been tested and certified with an IP42 rating, which means it is safeguarded from water and dust to a certain threshold. In addition, it is durable enough to withstand multiple 6 foot drops to concrete. The new Unitech MS840P is the industry's best value.
